

luminar
innovative led lighting

5 years warranty

light and beyond
2022-2023

light and beyond

Luminar is reeds 17 jaar een gevestigde waarde op gebied van kwalitatieve ledverlichting. Naast onze eigen ontwikkeling en productie, hebben wij in 2011 het merk 'Leds boost' gelanceerd. De 'Leds boost' producten omvatten een gamma kwalitatieve budgetvriendelijke armaturen en retrofit toepassingen. Ze worden door Luminar geselecteerd en geïmporteerd.

Omdat beide merken elkaar meer en meer gaan aanvullen, hebben wij in deze catalogoog het volledige gamma (Luminar en Leds boost) opgenomen onder het Luminar merk.

Ondertussen hebben wij een zeer uitgebreid gamma, dat zich richt op verschillende markten. Luminar levert verlichting voor de residentiële markt, winkelinrichting, horeca en industrie. Dit voor zowel binnen- als buitentoepassingen. Telkens wordt gezocht naar een zo goed mogelijke prijs/kwaliteit combinatie.

Luminar a été un nom établi dans le domaine de l'éclairage LED de haute qualité pendant 17 ans. En plus de notre propre développement et production, nous avons lancé la marque 'Leds boost' en 2011. Les produits 'Leds boost' comprennent une gamme de luminaires économiques et d'applications de retrofit. Ils sont sélectionnés et importés par Luminar.

Parce que les deux marques se complètent de plus en plus, nous avons inclus la gamme complète (Luminar et Leds boost) dans ce catalogue sous la marque Luminar.

Nous avons une gamme très étendue, qui se concentre sur différents marchés. Luminar fournit des éclairages pour le marché résidentiel, de magasins, horeca et l'industrie. Ceci pour les applications intérieures et extérieures. Chaque fois nous recherchons la meilleure combinaison prix / qualité possible.

Luminar has been an established name in the field of high-quality LED lighting for 17 years. In addition to our own development and production, we launched the brand 'Leds boost' in 2011. The 'Leds boost' products include a range of budget-friendly luminaires and retrofit applications. They are selected and imported by Luminar.

Because both brands will complement each other more and more, we have included the full range (Luminar and Leds boost) in this catalog under the brand Luminar.

We have a very extensive range, which focuses on different markets. Luminar supplies lighting for the residential market, shop lighting, catering industry and industry. This for both indoor and outdoor applications. Each time we search for the best possible price / quality combination.

Scan the QR code with your mobile device and go directly online to the catalog.

Alle vermelde prijzen zijn excl. BTW en recupel. Met het verschijnen van deze catalogoog komen alle voorgaande prijslijsten te vervallen. Druk- en zetfouten voorbehouden.

Onze algemene leverings- en verkoopvoorwaarden zijn van toepassing op al onze offertes, transacties en leveringen.

Tous les prix sont excl. TVA et recupel. Avec la publication de ce catalogue tous les tarifs antérieurs expirant. Erreurs d'impression et de typographique réserve.

Nos conditions générales de livraison et les conditions de vente s'appliquent à toutes nos offres, les transactions et les livraisons.

All prices are excl. VAT and recupel. With the publication of this catalog all previous price lists expire. Press- and misprints reserved.

Our general terms of delivery and sales conditions apply to all our offers, transactions and deliveries.

Omdat Luminar kwaliteit hoog in het vaandel draagt, bieden wij 5 jaar garantie op onze producten. Deze garantie beperkt zich tot het herstellen / omruilen van het product.

Parce que qualité est pour Luminar d'une importance primordiale, nous offrons 5 ans de garantie sur nos produits. Cette garantie est limitée à la réparation / échange du produit.

Because products of high quality are very important for Luminar, we offer 5 years warranty on our products. This warranty is limited to repairing / replacing the product.

AC Linea 40x50

De AC linea 40x50 is een ledprofiel dat volledig op maat gemaakt wordt en direct aansluitbaar is op netspanning. Standaard is dit profiel beschikbaar in 1190 en 2370mm. De armatuur bestaat uit een basis montage profiel en een ledprofiel. Het is afgewerkt met een opale cover. In combinatie met het pendelaccessoire kan het profiel gebruikt worden als pendelarmatuur. Voor lengtes op maat dient een offerte aangevraagd te worden.

Le AC linea 40x50 se compose d'un profil assemblé en mesure et connectable directement a la tension du secteur. Par défaut, ce profil est disponible en 1190 et 2370mm. Le luminaire se compose d'un profil de montage de base et d'un profil LED. Il est fini avec un cache opale. En combinaison avec l'accessoire de suspension, le profil peut être utilisé comme luminaire suspendu. Un devis doit être demandé pour les longueurs à mesure.

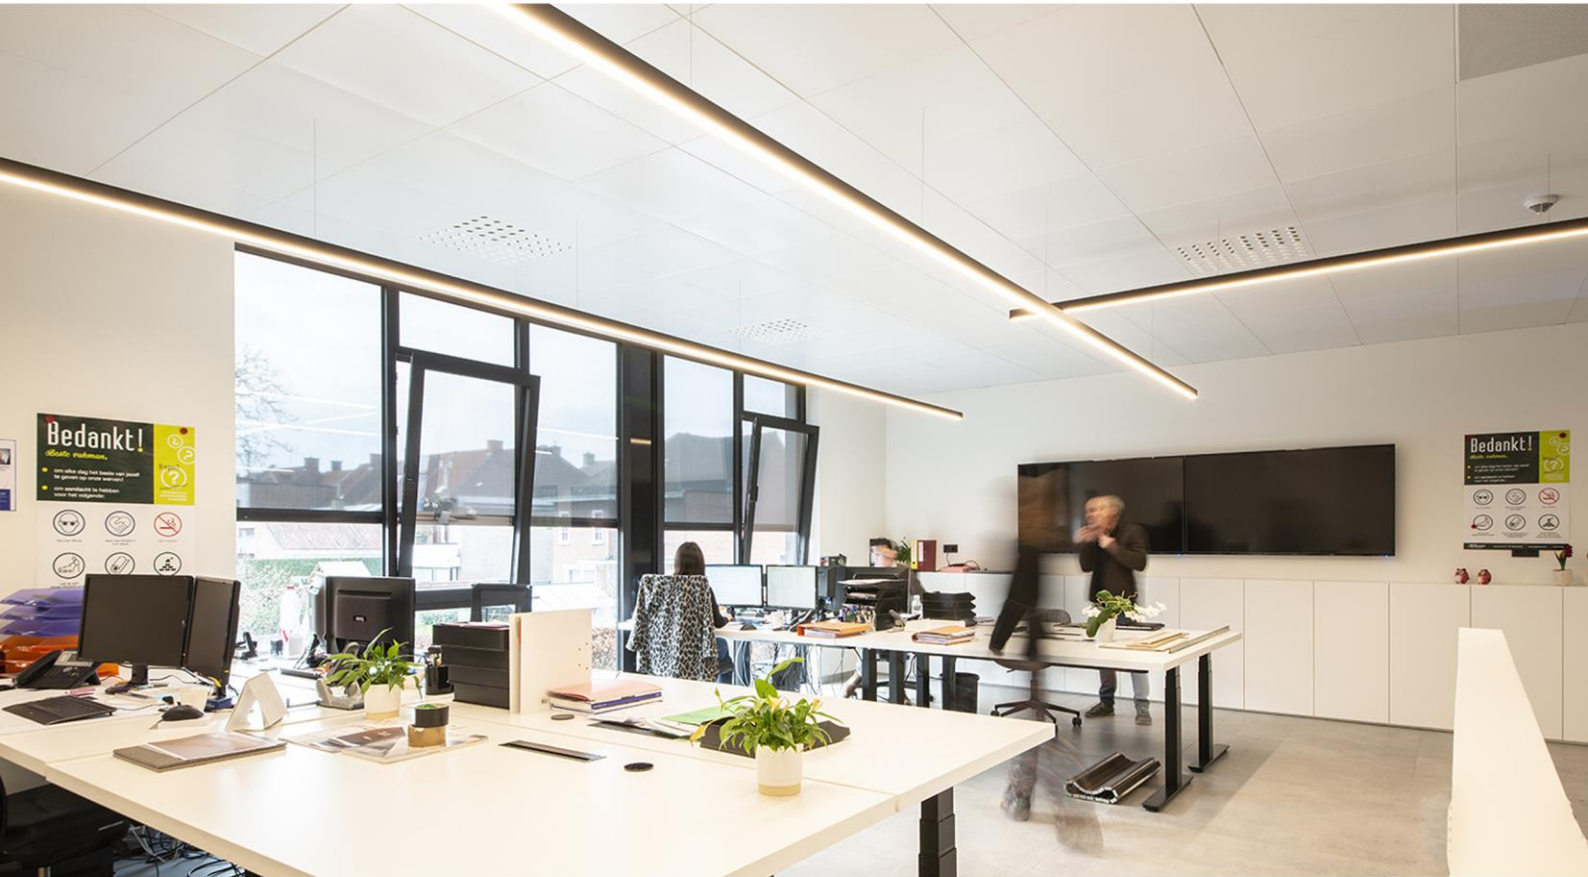

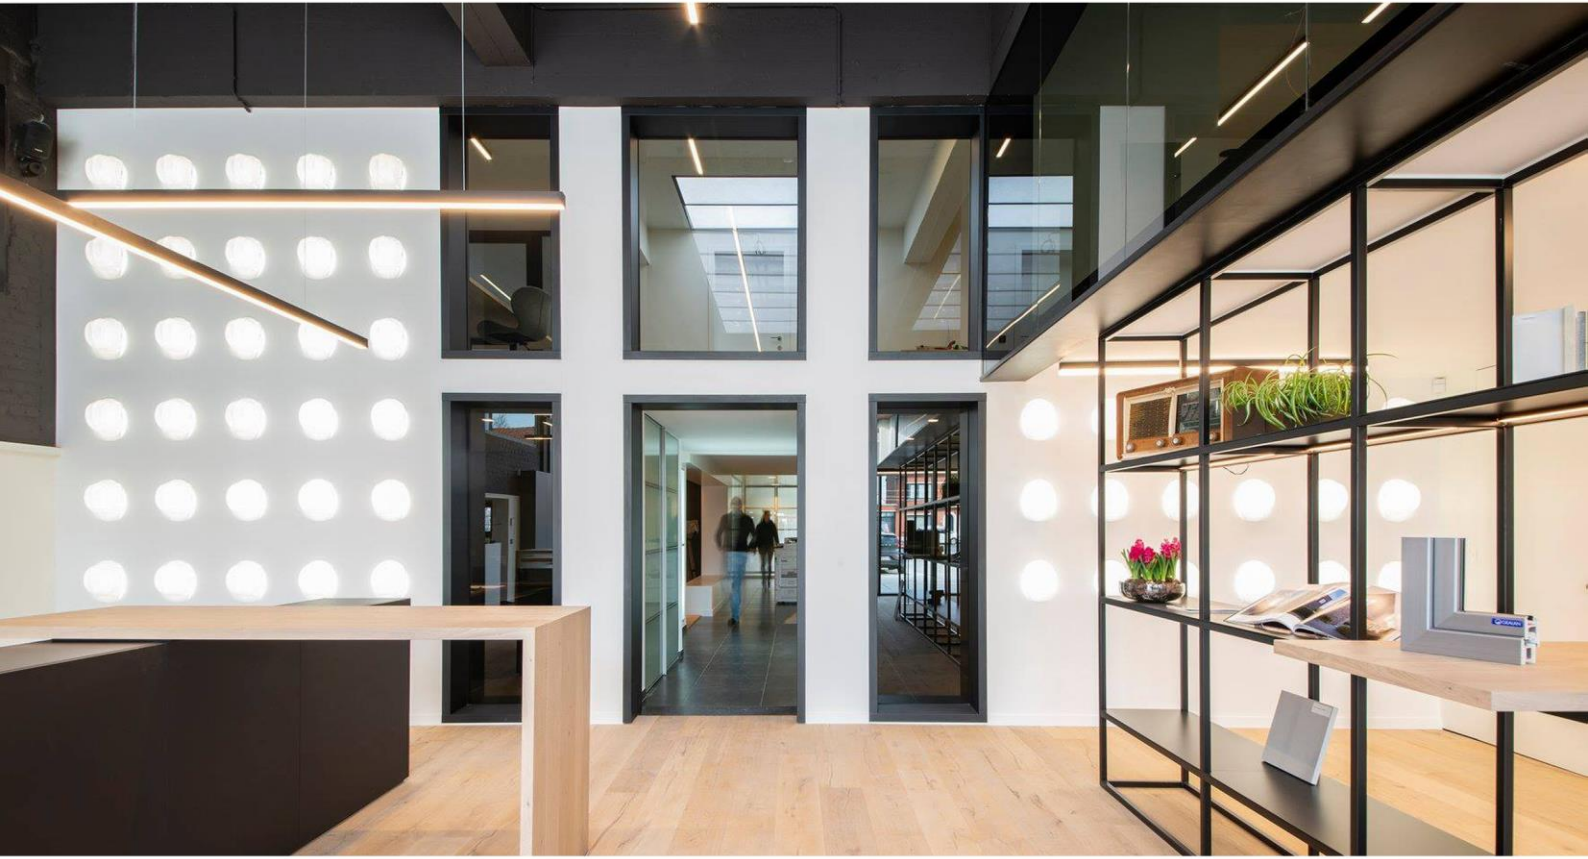

The AC linea 40x50 is a LED profile that is fully customized and can be connected directly to mains voltage. By default this profile is available in 1190 and 2370mm. The luminaire consists of a basic mounting profile and a LED profile. It is finished with an opal cover. In combination with the suspension accessory, the profile can be used as a pendant luminaire. A quotation must be requested for customized lengths.

AC Linea 40x75

De AC linea 40x75 is een ledprofiel dat volledig op maat gemaakt wordt en direct aansluitbaar is op netspanning. Standaard is dit profiel beschikbaar in 1190 en 2370mm. De armatuur bestaat uit een basis montage profiel en een ledprofiel. Het is afgewerkt met een opale cover. In combinatie met het pendelaccessoire kan het profiel gebruikt worden als pendelarmatuur. Voor lengtes op maat dient een offerte aangevraagd te worden.

Le AC linea 40x75 se compose d'un profil assemblé en mesure et connectable directement a la tension du secteur. Par défaut, ce profil est disponible en 1190 et 2370mm. Le luminaire se compose d'un profil de montage de base et d'un profil LED. Il est fini avec un cache opale. En combinaison avec l'accessoire de suspension, le profil peut être utilisé comme luminaire suspendu. Un devis doit être demandé pour les longueurs à mesure.

The AC linea 40x75 is a LED profile that is fully customized and can be connected directly to mains voltage. By default this profile is available in 1190 and 2370mm. The luminaire consists of a basic mounting profile and a LED profile. It is finished with an opal cover. In combination with the suspension accessory, the profile can be used as a pendant luminaire. A quotation must be requested for customized lengths.

Voor projecten kan Luminar verschillende toestellen aanbieden om gebouwen uit te lichten en aan te stralen. De toestellen kunnen al dan niet DMX gestuurd zijn.

Stuur uw project door naar info@luminar.be en wij bieden u de gepaste toestellen voor uw project.

Pour des projets Luminar peut offrir différents appareils pour éclairer des bâtiments. Les appareils peuvent être contrôlés par DMX.

Envoyez votre projet à info@luminar.be et nous proposerons l'équipement approprié.

For projects Luminar can offer various devices to illuminate buildings. The devices may or may not be DMX controlled.

Send your project to info@luminar.be and we will offer you the appropriate equipment.

Streetlight

Voor het verlichten van wegen en parkings kunnen wij elegante 'streetlights' aanbieden. Deze bestaan in verschillende vermogens en lichtkleuren. Afhankelijk van de situatie wordt d.m.v. een dialuxberekening de juiste optiek voorgesteld.

Stuur uw project naar info@luminar.be en wij bieden u de gepaste toestellen aan.

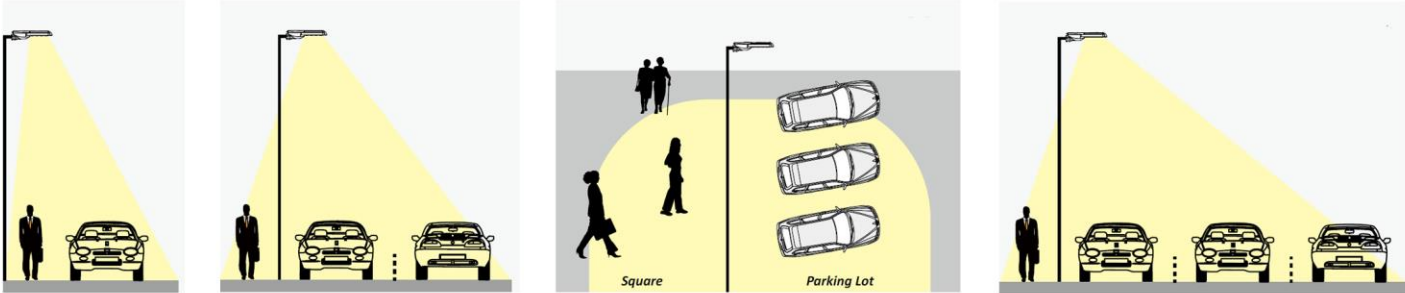

Nous pouvons offrir des «streetlights» élégants pour illuminer les routes et les parkings. Ceux-ci existent dans différentes puissances et couleurs. Selon la situation, nous proposons la bonne optique.

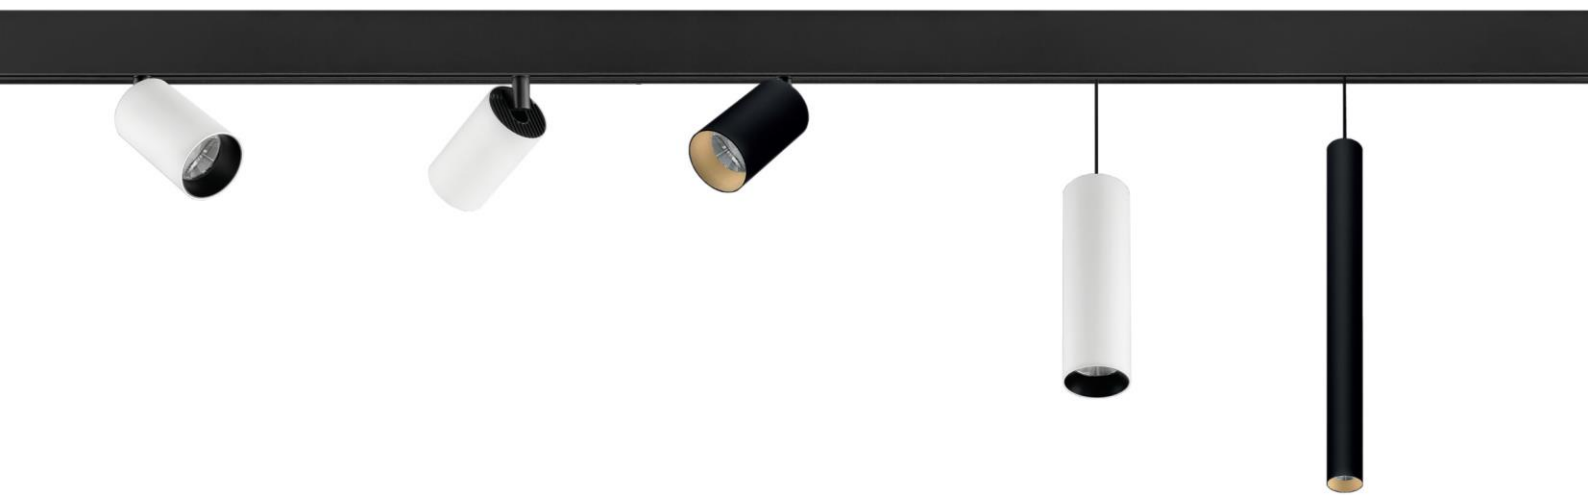

Envoyez votre projet à info@luminar.be et nous proposerons l'équipement approprié.

We can offer elegant 'streetlights' to illuminate roads and car parks. These exist in different power and light colors. Depending on the situation, a dialux calculation can be done and the right optics can be suggested.

Send your project to info@luminar.be and we will offer you the appropriate equipment.

Verschillende lenzen mogelijk / différentes lentilles possibles / different optics possible

Power supplies and controllers

Voedingen 12/24Vdc

Gebruik deze voedingen in combinatie met toestellen die op 12 of 24Vdc werken. Aansluiting in parallel.

Alimentations 12/24Vdc

Utilisez ces alimentations en cas les luminaires fonctionnent en 12 ou 24Vdc. Connection en parallel.

Power supplies 12/24Vdc

Use these power supplies for fixtures that work on 12 ou 24Vdc. Connection in parallel.

Gebruik dit schema als de maximum wattage niet meer is dan:
360 watt - 24Vdc
180 watt - 12Vdc
De dimmodule kan gebruikt worden met push, 0-10V en 1-10V (actief) dimming.
Gebruik geen 1-10V potentiometers.

Utilisez ce schéma quand la puissance totale ne dépasse pas le :
360 watt - 24Vdc
180 watt - 12Vdc
Le module dim peut être utilisé avec push, 0-10V and 1-10V (actif) dimming. N'utilisez pas de potentiomètre 1-10V.

Use this sheme if the maximum power dissipation is not more than:
360 watt - 24Vdc
180 watt - 12Vdc
The module dim can be used with push, 0-10 and 1-10V (active) dimming. Do not use 1-10V potentiometers.

Gebruik dit schema als de maximum wattage meer is dan:
360 watt - 24Vdc
180 watt - 12Vdc
Het max. vermogen van de slave is:
240 watt - 24Vdc
120 watt - 12Vdc
Er mogen meerdere slaves in parallel geplaatst worden.

Utilisez ce schéma quand la puissance totale dépasse le :
360 watt - 24Vdc
180 watt - 12Vdc
Par esclave on peut raccorder maximum:
240 watt - 24Vdc
120 watt - 12Vdc
C'est possible pour raccorder plusieurs esclaves en parallel.

Use this sheme if the maximum power dissipation is more than:
360 watt - 24Vdc
180 watt - 12Vdc

On one slave it is possible to connect max:
240 watt - 24Vdc
120 watt - 12Vdc
It's possible to put different slaves in parallel.

Multi zone controller

De multi zone master is ontworpen om LED-modules tot max. 360w via een 8-zone radiografische afstandsbediening te bedienen. Deze afstandsbediening kan maximaal acht verschillende zones beheren met een willekeurig aantal LED-controllers, afzonderlijk of samen. De LED-controller is opgevat als een 5-in-1-apparaat en kan met één druk op de knop de functies "Dimmer", "Kleurtemperatuur", "RGB", "RGBW" of "RGB + Kleurtemperatuur" uitvoeren. Op deze manier kunnen verschillende armaturen worden beheerd via één enkele afstandsbediening. Er zijn ook verschillende processen / programma's beschikbaar die automatisch worden gesynchroniseerd tussen de controllers (autosynchronisatie).

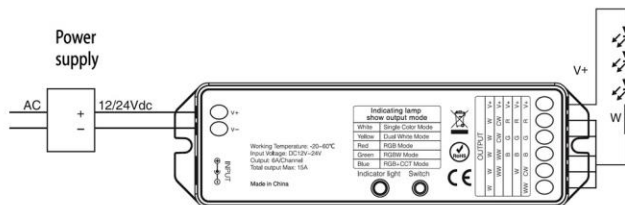

Le maître multi zone est conçu pour contrôler les modules LED jusqu'à max. 360w via une télécommande radio 8 zones. Cette télécommande est capable de gérer jusqu'à huit zones différentes avec n'importe quel nombre de contrôleurs LED, séparément ou ensemble. Le contrôleur LED est conçu comme un appareil 5-en-1 et, au toucher d'un bouton, peut effectuer les fonctions de "Dimmer", "Température de couleur", "RGB", "RGBW" ou "RGB + Température de couleur" (RGB + CCT). De cette manière, plusieurs luminaires peuvent être gérés via une seule télécommande. De plus, différents processus / programmes sont automatiquement synchronisés entre les contrôleurs (auto-synchronisation). Les télécommandes sont automatiquement transmises dans le cadre de la transmission mutuelle, de sorte que la transmission peut être couverte (fonction d'auto-transmission).

The Multi zone master is designed to control LED modules up to max. 360w via an 8-zone radio remote control. This remote control is able to manage up to eight different zones with any number of LED controllers, either separately or together. The LED controller is conceived as a 5-in-1 device and, at the touch of a button, can perform the functions of "Dimmer", "Colour Temperature", "RGB", "RGBW" or "RGB+Colour Temperature" (RGB+CCT). In this way, several luminaires can be managed via a single remote control unit. Also, a variety of different processes/programmes are available that are automatically synchronised between the controllers (auto-synchronisation). The commands issued by the remote control unit are automatically transferred from device to device within mutual range so that even large transmission ranges can be covered (auto-transmitting function).
